Language :   English, Hindi

PROJECTS

Cloth Store   **Nov 2023 - Feb 2024**

- Developed web-app for a Clothing Store during my college using HTML, CSS, Bootstrap, JavaScript, and PHP.
- The website is user-friendly and visually appealing, allowing customers to easily browse and purchase cloth varieties.
- It utilized innovative designs and responsive layouts to ensure the website functions correctly on all devices.
- My goal was to further enhance my web development skills through this project and secure a good position in the industry.

WORK EXPERIENCE

Frontend Developer Intern   **Aug 2024 - Present**

Kantag Solutions Pvt. Ltd., Gurugram, Haryana

- Developed responsive and dynamic web pages using HTML, CSS, and Bootstrap, ensuring smooth functionality and optimal performance across different devices.
- Converted Figma designs into precise, high-quality web interfaces, following industry best practices and design guidelines.
- Applied mobile-friendly design techniques to improve user experience, focusing on accessibility and responsiveness for mobile users.

EDUCATION

Bachelor of Computer Application   **M.K. Institute of Computer Studies, Bharuch**

BCA is an undergraduate degree program focusing on computer applications and software development   **Oct 2021 - April 2024**
